Support that grows community

Šumska is a family initiative born out of love for nature and the desire to share our home space with others who are in need for rest, connection, healing, learning, and creation.

We believe in a gift economy, where care, sharing, and mutual support help places like Šumska thrive and grow.

Suggested donations cover basic costs and ensure Šumska remains open to all.

If you can contribute more – thank you!

If you can't give the suggested amounts, support us with what you can.
